

Zombie Love

There's no light in our eyes
The walking dead love never dies
In a constant state of decay
Bit by bit, it drops away

Zombie Love, Zombie Love

As cold as cold can be

Zombie Love, Zombie Love

Your love is dead to me

Our situation is pretty grave
There's not a soul thing left to save
Taking stock of our remains
I tear out your heart,
and you eat my brains!

Zombie Love, Zombie Love

As cold as cold can be

Zombie Love, Zombie Love

Your love is dead to me
